What is JUMP ?

JUMP is the leading social enterprise working with organisations and individuals to close the gap between women and men at work, achieve sustainable corporate performance and create a more equal society.

What is the Wo.Men@Work Award?

The Wo.Men@Work Award is unique in that it celebrates and supports a woman or a man at the top of an organisation who, through her or his commitment and actions, actively promotes corporate gender equality in their teams and among their managers. **The ceremony includes cocktail and networking dinner.**

The Wo.Men@Work Award is an original concept created by JUMP, supported by Coca Cola European Partners during the last three years.

CHAIRMAN OF THE JURY

Etienne Gossart

COUNTRY DIRECTOR BELGIUM LUXEMBOURG COCA-COLA EUROPEAN PARTNERS

“We want to be there for everyone, as is stated in the intrinsic values of our brand. That is why it is so important to us that the values of our brand are also translated towards our teams. Our objective is to increase the percentage of women up to 45% by 2020. We actively encourage a balanced gender ratio both within as well as outside the company. In this context, we support JUMP’s Wo.Men @ Work Award in order to encourage other companies to develop a dynamic and inclusive corporate culture.”

Digital transformation: How to turn risk into opportunity for gender equality

*The JUMP Forum is the biggest single-day event on advancing women's career
and gender equality in the workplace*

How will digital transformation revolutionise business and impact gender equality?

How can organisations build gender balanced teams, given that so few women are trained in STEM*?

How can they identify internal talent, train women for roles in digital transformation and retain them?

How do we ensure that digital technology and artificial intelligence used to enhance customer experience and employee productivity do not reinforce biases against women?

How can the new way of work be an opportunity for inclusion rather than a risk for well-being?

How can we build an inclusive digital economy and corporate culture?

This JUMP Forum is about helping all companies, whether they are in the tech sector or not,
develop an inclusive approach to digital transformation.
